

Tool 4 · General Sustainability Operations Checklist

Sustainable SME Toolkit · Nigeria

This tool covers the day-to-day practices that determine whether your business is environmentally and socially responsible i
The tool is organised around six dimensions: Waste Management, Water Use, Materials and Sourcing, Digital and Paperless,

#	Item	Wt	Rating (1-5)	Score
1	Waste is segregated at source into at least recyclables, organics, and general waste	2		
2	A licensed waste collector (LAWMA-accredited in Lagos, state equivalent elsewhere) is contracted	3		
3	Recyclable materials (paper, plastic, metal, glass) are sold or donated to recyclers	1		
4	Organic waste (food, agri by-products) is composted or donated to farmers	1		
5	E-waste (batteries, electronics, lamps) is collected separately for NESREA-licensed recyclers	2		
6	Plastic single-use items (cups, bags, straws) have been reduced or eliminated	2		
7	Monthly water consumption is tracked and reviewed against a target	2		
8	Taps are fitted with low-flow aerators and toilets with dual-flush	1		
9	Rainwater harvesting is in place for non-potable uses (landscaping, cleaning, cooling)	1		
10	Greywater from sinks is reused for landscaping where feasible	1		

Tool 4 · General Sustainability Operations Checklist

Sustainable SME Toolkit · Nigeria

#	Item	Wt	Rating (1-5)	Score
11	Suppliers are evaluated on sustainability criteria (packaging, certifications, sourcing)	2		
12	Local sourcing is preferred where quality and price are competitive	2		
13	Packaging is minimised and uses recyclable or biodegradable materials	2		
14	Hazardous materials (chemicals, solvents, oils) are stored and disposed of per NESREA guidelines	3		
15	Invoicing, receipts, and contracts are sent digitally by default	2		
16	Internal records (HR, finance, ops) are stored in cloud or local server, not paper files	2		
17	Meetings default to virtual where physical attendance is not essential	1		
18	Staff are trained on sustainability practices at least once a year	2		
19	The business supports at least one community initiative (education, health, environment)	1		
20	Workplace is inclusive (gender, age, disability) with a written non-discrimination policy	2		
21	A simple annual sustainability report (1-2 pages) is produced and shared with stakeholders	2		
22	Sustainability KPIs are reviewed at least quarterly by the owner or management team	2		
23	Tier-1 suppliers screened annually for environmental and labour compliance	2		
24	Take-back, repair, or refurbish programme offered to customers for at least one product line	1		
25	Site and direct supply chain screened for deforestation, wetland, or biodiversity-sensitive impact	2
